## SPACECRAFT

Fun craft projects to create the ultimate relationship with your dog!

*Scoutventure Spacestars*  
**SPACECRAFT**

# Sun Searcher

## KIT

- 11 - Circles of fabric - felt is great if your dog doesnt rip toys, or consider outdoor canvas fabric which is a lot strong and does not tear easily if your dog rips toys. (Approx £5.99 mtr on ebay)
- Glue gun or strong glue
- Scissors

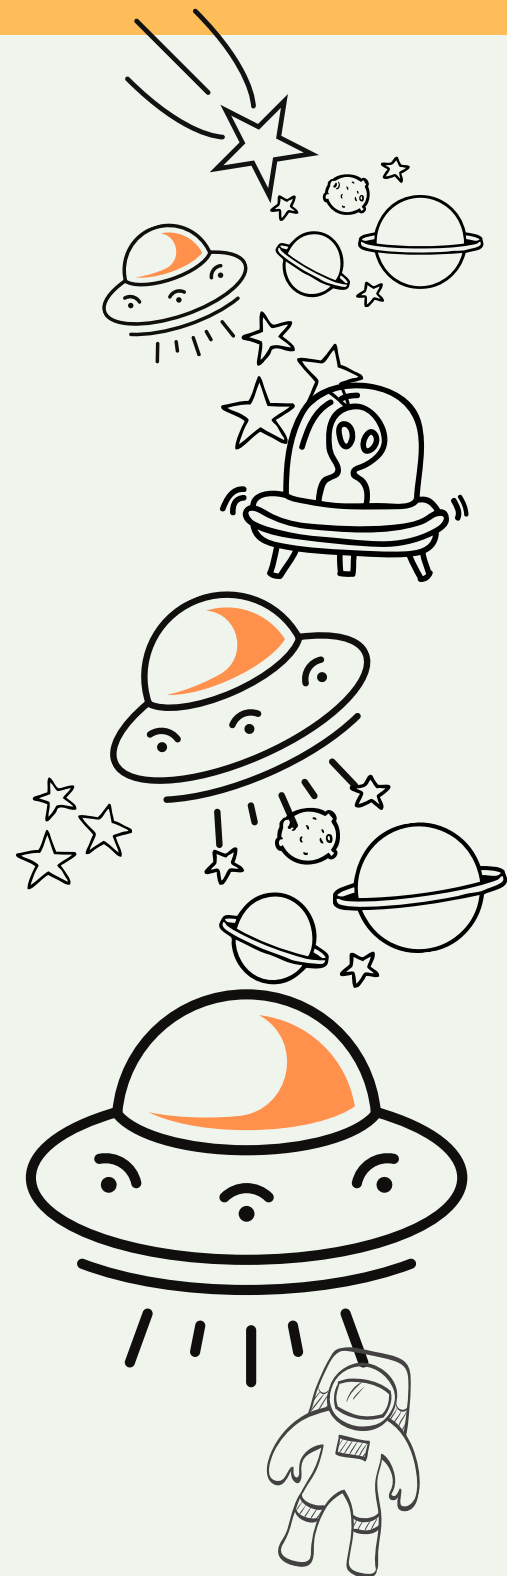

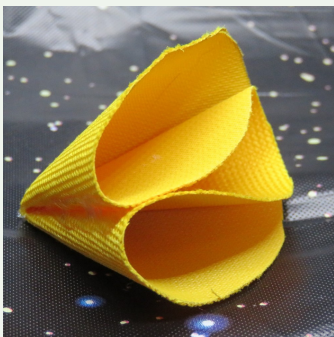

## METHOD

- 1 Cut 6 of the circles in half, leave 5 of the circles whole, 1 for the base and 4 for the first layer.

- 2 Fold 1 of the whole circles in half and then in half again and glue along the edge. Repeat with 3 more circles until you have 4 in total.

**SPACECRAFT**

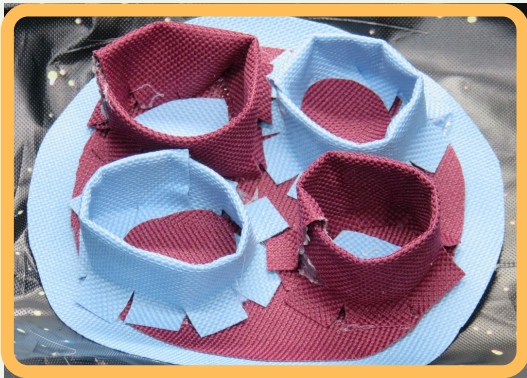

# Sun Searcher

## METHOD

- 3 Glue the 4 folded circles to the base, this will complete the first layer.
- 4 Cut the remaining circles in half. Fold in half and glue, fold in half again and glue along the edge to secure it. This will make a smaller cone.
- 5 Repeat with the remaining half circles.
- 6 Attach the smaller cones onto the base. Cut to smaller circles and add them to the centre of the searcher.
- 7 Add some additional strips off fabric to the bottom (optional) and enjoy.

**SPACECRAFT**

# Crazy Crater

## KIT

- 2 circles and fabric strips- felt is great if your dog doesnt rip toys, or consider outdoor canvas fabric which is a lot strong and does not tear easily if your dog rips toys. (Approx £5.99 mtr on ebay)
- Glue gun or strong glue
- Scissors

## METHOD

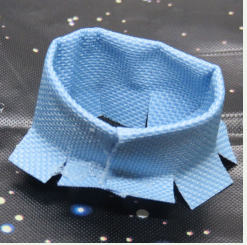

**1** Cut two circles and glue them together to make a base.

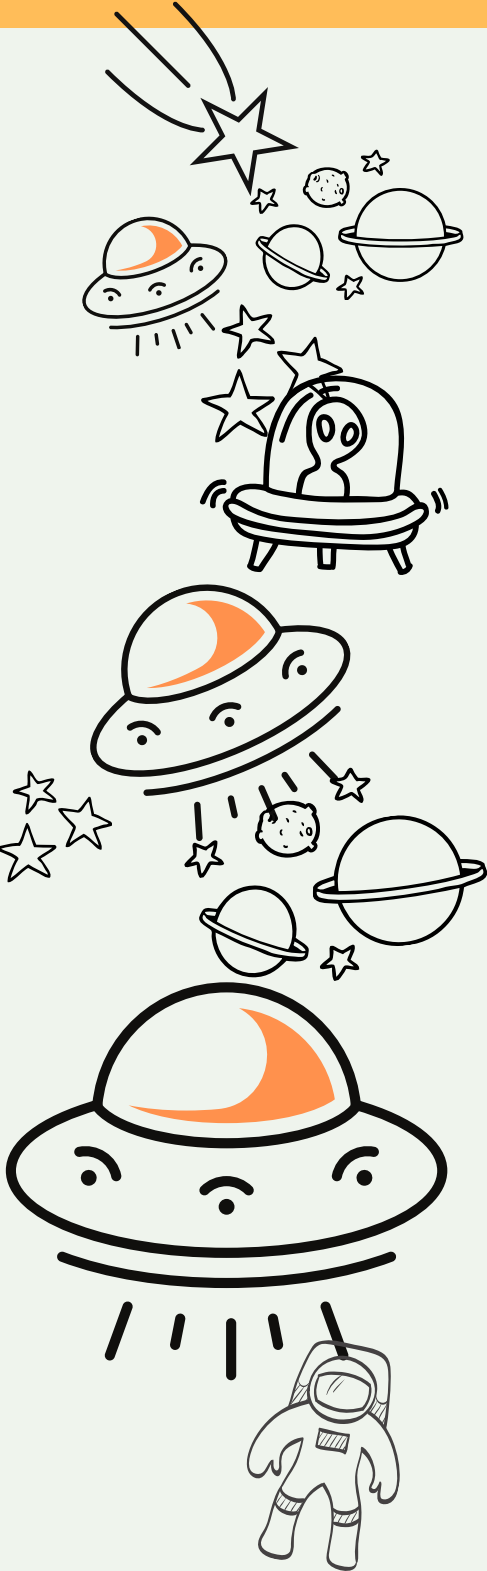

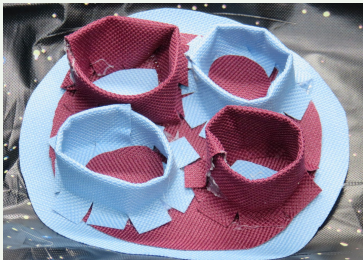

**2** Cut the fabric into strips, fold them in half and glue. Fold into a ring and glue.

**3** Cut slits along the bottom edge to make small flaps, glue the crater to the base. Repeat steps to make additional cratos, Altering the size of the strips will may larger and smaller crators.

**4** Add small discs of fabric into each crater to cover the base. Add treats and have fun searching.

**SPACECRAFT**

Creating a searcher for your dogs can be great fun and limited only by your imagination. Consider using a variety of textures, sounds and colours.

Rocket Dog

Pots and lids are great for hiding treats or as a licky surface. Cardboard tubes also make a simple searcher.

Corrugated card can be used to form simple shapes

Coloured ribbon attached to pots can make a simple searcher.

Shredded card, paper or straw can be used for a snuffle box. Crumpled paper can also be fun.

Sock searcher, Cut the toe off an old sock. Turn the sock inside out and roll. Either hide the treats in the sock and you roll or in the centre of the rings.
